SCOTSMORR LAVENDER LASS—SHE SELLS!

Pictured at top of the May class 1971 Saskachimo

Pictured with Mr. & Mrs. James Morris, Barbara & Doug, Heather & Robble.

WELCOME FROM SCOTSMORR

We would like to extend a very warm welcome to Scotsmorrs first production sale. Our purebred herd was started with the purchase of a big, red cow, from Frank Graves of Asquith, in 1952. Since that time Registered Shorthorns have become our only means of livelihood and we feel that they have served us well.

The sale cattle will not be highly fitted, but sound, and in good pasture condition. Our farm is small and all in grass so normally our females

never taste grain after their first winter. However, we know they will continue to grow and to work well for their new owners.

We look forward to seeing you at the sale and extend a welcome to all our Shorthorn friends to join us for lunch at noon previous to the sale.

Sincerely,
The Morris'

— Foreword —

I must say first of all that it has been a real thrill for me to work with the Morris' over the past number of months in the planning of this major production sale.

On several occasions we have had the opportunity to sell prospect calves for Scotsmorr. Doug would bring out a calf to our regular Saskatoon Auction Mart sale and in every case it has proven to be a feature.

One source of satisfaction for me personally has been the show ring success of Scotsmorr Lavender Lass out of Dewline Ursine, a cow which I helped Doug select out of the Donald Scott sale. This modern heifer won the May class in Saskatoon and was a member of the winning get-of-sire class at both Saskatoon and Regina. She sells and should develop into a top producing brood cow for her new owner.

The crowning glory of achievement at Scotsmorr was the breeding of the great stock bull, Scotsmorr Fascinator. Here was a bull with many of the good old-fashioned qualities but who emphasized throughout several of the better modern-day features such as extra length and a little more leg. I particularly liked his strength over the loin and his thickness through the rear quarters. His extra length came where it counted most—through the rib and hind quarter. His strong head was emblematic of the ruggedness for which Saskatchewan Shorthorns have become famous.

During the early part of the summer when we first began plans for this sale it had been the intention to have every animal in the sale related to Fascinator. In fact the June ad in the News was headlined "A Fantastic Production Sale of Fascinators". Having had the misfortune, because of an accident, to be forced to do away with the bull it was essential that some of his sisters and daughters remain in the Scotsmorr herd. In addition to the loss of the bull there was only a very small quantity of semen on hand for future breeding. With considerable reluctance the Morris' decided to go ahead with the sale pretty much as planned. This is definitely the only chance there will be to buy female offspring of Scotsmorr Fascinator.

Many of the daughters being offered should very well be retained. However, since the Morris' decided to proceed with the sale, it was agreed that most of the cattle which had been selected and pointed out

to visitors as sale cattle should remain in the sale. Included in the heifer offering are Scotsmorr Roan Beauty who was Grand Champion at the 1971 Saskachimo Fair. At every fair where exhibited she was a top contender. Scotsmorr Golden Girl, Supreme Champion at the 1970 Prince Albert Fair, also sells! The cows being offered are top producers in the herd as the calves at their sides will prove. The two young bulls were members of the winning get-of-sire at several of the Western Fairs this year.

The service of Melvary Leader, a top show bull, and a clean, modern bull, will put the finesse touch to this great offering. His show record is related in the catalogue along with a very recent picture. At the Regina Bull Show and Sale this spring, where he was Reserve Grand Champion, Melvary Leader was purchased for the high price of the sale in partnership by Scotsmorr and Saskvalley.

Wes Lehmann, owner of Saskvalley Shorthorns, is a guest contributor to this sale. The six cows with calves at side have been selected from the top of the Saskvalley breeding herd.

Accept this as your personal invitation to . . .
the land where Shorthorns signify size
and ruggedness
and growth
and stamina
and performance

. . . a great offering for progressive Shorthorn breeders.

Join us Thursday, October 28th, for Scotsmorr Shorthorns and Saskvalley Shorthorns 1971 Production Sale at the Saskatoon Auction Mart.

W. J. Blacklock, Sale Manager
Blacklock Auction Service
Sale Managers and Auctioneers

General Information

TIME AND PLACE—Thursday, October 28th, 1:30 p.m., at the Saskatoon Auction Mart located two miles north of the Saskatoon Airport on highway No. 11 north. The Mart is adjacent to Scotsmorr Farm and across from the Suburban Restaurant. You are invited to join the Morris' for lunch at noon at the Auction Mart. Those arriving by plane may be picked up by phoning the Mart—652-5881.

Terms—The terms of the sale are cash. Cheques will be accepted. Please leave information regarding shipping and transfer with the clerk. The buyer will be provided with a transferred pedigree through the Canadian Short-horn Association and Canadian Livestock Records office.

Health—The Scotsmorr and Saskvalley herds and the Saskatoon Auction Mart are maintained in T.B. Restricted and Bang's Control Areas. Cattle can go right out from the sale to any point in Canada. Tests necessary for export will be arranged.

Guarantee—Scotsmorr and Saskvalley stand fully behind the cattle being offered in this sale. All animals over one year of age are guaranteed to be breeders. Should an animal prove to be a non-breeder the full purchase price will be refunded.

Shipping—Local trucks are available for the delivery of purchases. Every assistance will be given in organizing the shipment of cattle to distant points. Purchases may be left at the Saskatoon Auction Mart over night and if a longer time is required they will be returned to Scotsmorr or Saskvalley until arrangements are completed.

Insurance—Cattle are at the buyer's risk as soon as sold. Every precaution will be taken to see that the purchases are well cared for until picked up. Insurance will be available at the sale from Lloyds of London for full coverage against mortality from any cause.

Representative—Gene McDonald, The Shorthorn World.

Auctioneer—Jock Blacklock, Blacklock Auction Service.

Sale Manager—Bill Blacklock, Blacklock Auction Service.

Note—This sale has been planned to allow a complete tour of the Shorthorn sales in Western Canada. Following this Scotsmorr-Saskvalley Sale plan to attend the Remitall sale, Olds, Alberta on October 29th, and the Rothney sale, Calgary, Alberta, October 30th.

SCOTSMORR FASCINATOR

of whom it has been said: "You could stand him up, with pride, alongside any Shorthorn Bull in America."

Fascinator was admired by many leading breeders in both Canada and United States. With his length and size he maintained the width and rear quarters that will always be required in a superior beef animal.

During a lifetime of being associated with livestock no animal has ever so completely captured our hearts as did Scotsmorr Fascinator. From the first morning we found him in the pasture we regarded him as something special, a feeling that grew in intensity as his calves arrived and developed. Since he was still in his prime and such a tremendous source of pride and accomplishment, it was indeed a shock

to lose him so suddenly this summer. Highly praised by cattlemen throughout America while he was alive, his memory will always be cherished at Scotsmorr. For his epitaph it would seem fitting to quote the most heartwarming of many compliments paid him over the years — "A greater bull hath no man than this"

Exposed to MELVARY LEADER X after June 11th, 1971.

Lots 21 and 22 were purchased out of the Morton consignment to the 1971 "Field-day" Shorthorn sale. We had intended to put them into our herd, however, since we lost Fascinator we decided to keep some of his daughters and let these heifers go.
